

# HOTELS

Rather than include a hotel in a 'package plan' with this seminar, we discovered that attendees could get a lesser room rate at a much nicer hotel simply by going to any of the Internet Travel sites. Priceline allows individuals to bid on rooms which seems to be the method most commonly used that results in the best rates.

Listed below are links to travel web sites as well as links to the major hotels in Las Vegas. The distance from the seminar venue (Palace Station Hotel/Casino) to the hotels ranges from ½ mile up to 4 miles.
